Browser Tips

Throughout the semesters that Yale has been using Canvas @ Yale, we have discovered some great tips related to supported browsers:

- **Internet Explorer is not supported by Canvas, and Microsoft Edge does not work well with Canvas and should be avoided.**
- Mac users may find it easier to use Firefox rather than Chrome.
- If you are not able to see a tool or feature correctly in one browser, please try to update the browser or try another one.
- Clearing your browser's cache and cookies may help when trying to resolve viewing issues in Canvas.
- Many tools in Canvas require third party cookies to be enabled. Learn how to check this setting with our Enabling Third Party Cookies on Your Browser article.
